- Dean's List   Fall 2018 – Spring 2019

NOTABLE COURSES

Computer Science: Machine Learning || Database Systems || Cryptology || Computer Networking || Web Programming

Business/Other: Marketing Management || Business Management || Computer Ethics

FIELD EXPERIENCE

- Senior Design Project (Capstone)   January 2019 – Current
  - Currently working with a group of fellow senior CS students to create a webapp for a company. It is a semester-long project where we incorporate requirement elicitation, use cases, design, and testing to deploy a finished product with Agile methodology.
- Personal Resume Website (pbarrett21.github.io)   October 2018 – Current
  - Currently practicing web-development skills to create a responsive website using HTML, CSS, Javascript, and Github Pages. Eventually planning to use more modern methods such as ReactJS for the next iteration.
- CatHacks   April 2018
  - Participated in the CatHacks hackathon at UK and worked in a team to create a note-taking custom skill for the Amazon Echo Dot using Alexa and AWS Lambda.

WORK HISTORY

- Uber Delivery Driver   January 2019 – Current
  - Taking advantage of the flexibility of Uber delivery to work when not busy with school work or other personal projects.
- University of Kentucky Maine Chance Farm   May 2018 – August 2018
- Tapingo Delivery Driver   October 2017 – May 2018
- Planet Fitness Front Desk   May 2017 – August 2017
- Longhorn Steakhouse Service Assistant   May 2016 – August 2016
- University of Louisville Office Assistant and Technical Support   August 2015 – May 2016
